PROPOSAL IS SENT TO GOVERNOR

Removal of Thomas Is
Advised on Charges Filed
by Prisoners.

BRUTALITY ALLEGED
Inquiry Adjourned As
Recommendation Is Con-
veyed to Cooper.

HELEIN

COLUMBUS, O., April 24.—
Guards in White City reported to
the guard room late this after-
noon that a gang of the roughest
convicts gathered around the cells
of prisoner K, an outfit of un-
usually and desperate criminals, and
threatened to break down the
doors if K company is not let out
by 3 p. m.

Only four guards are on duty
in White City and the area around
only with their clubs.

The guards quoted a ringleader
as saying that there would be violence
if the prisoners' demands
were not met.

COLUMBUS, April 24. Attorney
General Gilbert Bittman left Ohio
for temporary headquarters in
Columbus on a proposal to temporarily suspend
Prison Warden Thomas. The
proposal was taken when several thou-
sand prisoners announced they would
revert against Thomas' rule. They
charged the warden with "cruelty,"
and held him responsible in part for
the 319 fatalities in the prison fire
disaster.

Learning of the proposal to suspend
him, Warden Thomas said this is
a giving away on the part of regularly
constituted government to the red
shirt gang. This is not the demand
of the prisoners, but of a 10 per cent
element. He quoted Colonel Hatcher
of the Ohio National Guard as saying
about 10 per cent of the convicts
sought his removal.

Governor Cooper waited on the at-
torney general for some time but was
forced by other business to leave the
statehouse. He said no action would
be taken on the suspension proposal
until he looked into it fully.

Trouble is brewing among the pris-
oners at Ohio penitentiary and the
only way to prevent it is to remove
Warden P. J. Thomas, the board
investigating last Monday night a fire
was told today by Albert Farr, a
prisoner from Hamilton county.

Farr was among the survivors in
the fire which killed 319 in which the fire
raged.

He said that an organized appeal
went out to all convicts this morning
not to do any work until the warden
is replaced. The prisoners have
agreed however to maintain order as
nearly as possible and to conduct their
campaign against the warden without
plotting or revolting.

Intolerable He Asserts
Farr declared that conditions with-
in the prison have been almost in-
tolerable for several years. He said
that while there is a national dislike
for Thomas as a man, the prisoners hold
him responsible for the disaster.

The prisoners listed instances of
brutality, responsibility for which he
placed on the warden. He in-
terrogated his story of what happened
during the fire to inquire if the board
was making any investigation of con-
ditions prior to that time.

The investigators told him to tell
everything he knew.

This catastrophe is just the cul-
mination of things that have been
brewing for years, he said. "There
are men in this prison who could
bring the warden to a grand jury trial
if they were permitted."

"I once saw a negro convict mur-
dered by a guard in the prison yard,"
Farr declared. "He shot in self de-
fense but the prisoner was running
toward the deputies' office when he
was shot. Nothing ever was done with
the guard."

For the slightest infractions of
prison rules the men are thrown into
cell holes held in solitary confine-
ment.

CHANCE TO CUT RATE NEAR END

City Must Hire Four Addition-
al Firemen Before May
1, Board Claims.

Marion's opportunity to gain a low-
er fire rate rating with subsequent
savings in industrial and commercial
fire insurance rates will be cut off
next Thursday.

If four men have not been added
to the fire department by May 1, the
city will remain in its present
high class rating for at least one
year, according to a report given
last night by J. J. McFarland, as-
sistant chief of the fire depart-
ment in Columbus.

A major job of the engineers who
will review Marion's fire insurance
rates in the next two months
will arrive here on May 1. Some
of them will be here before that time.

City Facts Fund
In view of the fact that the fire
department was not fully under-
stood until May 1, this date has been
set by the inspection bureau as a
deadline for the city to add four fire-
men to obtain the fourth class rating.

Troops (4) of the salaries of the four
additional men being from the city
fund.

Mayor L. Don Jones declared sufficient
money for the salary of the four men
to be added to the city fund. He
said that if this was not done, the
city would be in a difficult position
in the general fund.

With the inability to comply with
the requirement of adding four men
to the fire department, the city will
lose the fourth class rating and the
fire insurance rates will be raised.

Who Said, Conkeys!

CONKEYS Buttermilk Starting Feed has been on the market for years and years. Conkeys All Mash Chick Ration is the result of requests from poultrymen who prefer to feed an All Mash to their chicks. Both are scientifically proportioned foods containing buttermilk, meat meal and the purest of other ingredients. Both contain Conkeys Y-O which thoroughly vitalizes them with the A and D vitamins of Cod Liver Oil and vitamin B of Brewers' Yeast. You will find either of these food perfect for rearing your birds—take your choice.

Mr. H. R. Conkey

Dear Sir:

My flock is now 6 weeks of age and my results on Conkeys All Mash Chick Ration have been very gratifying. I started 2,000 White Leghorns and lost 100 Buff Rocks, lost 100 Banded Rocks, lost 6,000 White Rocks, lost 51.

The Conkeys feed on these averaged 14 lbs. at 6 weeks and I had a flock average of 11 lbs. at 6 weeks. I am planning on selling the pullets from this lot and I can assure you they are as nice a bunch as I have ever raised.

ALL MUST FILE TAX RETURNS

To Get Blank Through Does Not Exempt From Filing

Marion, Ohio, April 23.—The Internal Revenue Service has issued a warning to taxpayers that the mere receipt of a blank check from the government does not exempt them from the obligation to file a tax return. The service stated that many taxpayers, particularly those who are self-employed or who have received income from other sources, often fail to file a return when they receive a blank check. This is a mistake, as the law requires that all taxpayers file a return, regardless of whether they have received a check or not. The service emphasized that failure to file a return can result in penalties and interest, and may even lead to criminal prosecution in some cases. Taxpayers are urged to file their returns promptly to avoid these consequences.

FIGURE IN WASHINGTON SLAYING

Martin Sisson (left) and Julian Gallagher of Warsaw, Pa. were held by police in connection with the murder of Mary Baker (right) government employee whose body was found near Arlington cemetery. Olga Skinner (left) and Mildred Sperry, roommates of the dead girl were also questioned by authorities.

The Stars Say—

THE lunar aspects for this day may be taken as favorable in their operation, much depending on the amount of personal initiative and personal qualities which may be spurred to action by the favorable nature of the stars. The day is auspicious in stressing the individual's initiative and his ability to take advantage of the opportunities that are offered. These may be responsible for fresh opportunities followed up by diligence and determination but an adverse position of Jupiter may militate against financial gain. Conservative and safe use of funds is enjoined.

Those whose birthday it is may be assured of a year of some opportunity with fresh leads in new lines but these must be pursued with strict application and earnest effort in order to reap worth while profit. Much depends on individual determination assisted by a conservative and safe use of the funds. Finances are in jeopardy unless judiciously handled.

A child born on this day should be original, inventive, ingenious and hard working but should be trained in the wise use of its substance.

MOVING
These nice days may make you think of moving. Good service should make you think of PADDOCK TRANSFER & STORAGE CO.

New York Yanks Look Like Rotten Ball Club Now—Walsh

By DAVID J. WALSH
NEW YORK, April 24.—The New York Yanks, who were once considered one of the best ball clubs in the American League, now look like a rotten ball club. This is the opinion of David J. Walsh, a well-known sports writer.

Walsh says that the Yanks have lost their edge and are now a team that is easy to beat. He points out that they have lost many key players and that their pitching is poor. He also mentions that they have a weak batting lineup and that they are not playing well as a team.

"Stouts" Start Revolt

Plump Matrons Promised Consideration in Future Styles

NEW YORK, April 24.—The unwholesome stout is on the rampage and something is going to be done about this business of trying to cram a battleship figure into a cruiser like gown.

A brand new line of clothes will be displayed on Fifth Ave. next fall by the ladies who tip the scales at 175 pounds or more.

Next Tuesday afternoon women who confess to being "mighty sick of trying to wear their daughters' clothes" will gather at the homecoming center of the State Federation of Women's Clubs to select a committee to wage the battle. And for perhaps the first time in their history they're going to see themselves as others see them.

TO SHOW how much in earnest they are over this business of getting clothes to suit them, a number of women have offered to display themselves as horrible examples in a style show.

They're going to don tight coats that bring out their slim hips, belted frocks that pinch their diaphragms and ruffled dresses designed for slim 16-year-old misses who have never tried a seam pull. And they're going to wear a line and forth and show the unsightly multitude just how terrible this can look.

They're going to begin after the style of a Tuscan by selecting a committee to tell the dress manufacturers who are already interested what they want in the way of color and belt and hem lines, and a few other things.

THE dress manufacturers have agreed to tell their buyers to try to look like models from Paris who will be shown with some dash to ups who are no longer what they used to be. A lot of prominent New York styles have promised to take in and sell the new model.

And when fall comes the women who will be shown here will be as good as new upon as her old model.

Motorcycle Added to Equipment of Sheriff

LAST NIGHT at the THEATERS

Arise Superb in "The Green Goddess"

ST. PETERS acting on the part of George Arliss combined with the excellent direction of his subtle lines in "The Green Goddess" afforded show patrons at the Marion an evening of rare entertainment last night. Arliss is supported by a cast worthy of his acting, including Allen Joyce, Ralph Forbes and H. B. Warner. The show which is being sponsored by members of St. Rita's church of St. Paul's Episcopal church is a benefit will be repeated this afternoon and tonight.

Wireless telephony plays an important part in the delivery of Lucille, wife of Major Crepsie, hero of the story, and Dr. Traberne from death at the hands of the Rajah played by Arliss after the two makes a forced landing in an unknown kingdom in the Himalaya mountains. Bargaining on this part of the Rajah brings out the fact that Lucille and the doctor are in love and also affords an insight on the philosophy of the Rajah's life.

Although the picture is strictly an adult production youngsters will find plenty of entertainment in the arrival of the airplane fleet and the activities of the natives of the little colony.
